

ALMOND TREE  
HE-002

Pendant Lamp	Power category 28 w. / 2405 lm.
Bulb 1 LED	Weight / Volume 8 Kg. / 0,24 m3

Nature inspires us for the design of this flowering almond tree.

Made with branches skillfully carved and sculpted by our experienced sculptors, they are hardly distinguishable from the real ones.

The branches are formed using the same lost wax casting a technique that has been used for thousands of years.

We use the purity of glass as an ornament for the small sculptured flowers that made by hand. The ensemble reaches a symbiosis between nature and the artist, and this is reflected in the splendor of this piece.
