CUBE /W
50021

Cube is a wall lamp composed of a square steel section, with a small, decorative second placed inside it.

The grace and touch of distinction of this piece are the edges of the mitred cut tubes, hand finished and polished.

The finishes of satin brass and a faux marble paint effect give Cube nobility and elegance.

All painting and finishing is carried out by craftsmen with many years experience, in our factory in Valencia

This item is available in customised form on request.
