This three-light pendant lamp (also 5-light option) is made from steel and finished with a semi-matte gold finish. Unique on its own, but also with a natural feel.

The interesting combination of the dominant glass tube with the traditional shade gives this piece a traditional but extremely modern and innovative look.

The simplicity of natural colour makes it a piece that fits into any space and gives a relaxed feeling but also makes a giant statement in its environment.

To finish off, the shade material is available in a wide range of finishes and textures.

This item is available in customised form on request.
