E27 lamp golder

Wall sconce made of steel with semi-matte gold bath finish.

This piece is unique on its own, natural and original at the same time. The interesting combination of the dominant glass tube with the traditional shade makes this piece look traditional but extremely modern and innovative at the same time.

The simplicity of natural colour makes it a piece that fits into any space and gives a relaxed feeling but also makes a giant statement in its environment.

To finish off, the shade material is available in a wide range of finishes and textures.

This item is available in customised form on request.
