3 E-14

5 LIGHTS LAMP

diam. (a): 70 cm | 28 inches
height (c): 40 cm | 16 inches

Lighting:
5 E-14

Three-light pendant lamp (also available with 5 light option) made of steel with semi-matte gold bath finish.

This lamp is simple, sober and versatile so that each space becomes elegant, but there is something special about it, a magic that hides in the glass, handcrafted with the technique of cracking.

The apparent fragility of cracking is a decorative element that together with the elegance of the decorated steel tube in gold, takes the piece to a higher level in terms of decoration.
