NEW STYLE ALLUMIA KNX CONTROL DEVICES

PA refers to the front plate type only.

System 44 is a modular system providing multiple options of control, style and finish. You will need to specify the mounting frame, touch control and front plate + any other features that are required when ordering.

ALLUMIA (Aluminium) Touch is born from a sophisticated union between technology and design.

During the night you can always identify the light command thanks to its delicate LED light. these plates are elegant pieces of contemporary furniture.

AVE offers a range of automation products aimed at the hotel and residential home using proprietary protocols (described in the technical catalogue) plus KNX protocol

Electronic multi-touch control - mono stable output-relay multiple points NO-contact 2A 230V~ Dry contact - controlled by touching the frontal area of the finishing plate or from multiple points with NO push buttons - mono stable, bi stable or timed operating modalities, curtains with interlock with low consumption for identification in the darkness

Home and hotel automation devices with multi-touch configurable commands to control lighting, shutter and recall scenarios. Visual and acoustic feedback command and viewing the status of the actuator: Light on / off, Shutter Open/ Close/ Move,etc. It is possible to select the sensitivity of a device at the touch of the plate or, 4mm distance from it. Powered by Home automation power supply.
